

## **Truffled Popcorn**

*Because dining in our kitchen is a bit like dinner and a movie, we often serve this version of popcorn at the Chef's Table. Even without the fresh black truffle this will be the best popcorn your guests have ever tasted.*

Pop ¼ cup raw popcorn in an air popper or in your favorite popcorn popper following the manufacturers' directions.

### **To dress the popcorn:**

⅛ cup melted butter  
2 tablespoons good quality truffle oil  
1 tablespoon finely minced fresh parsley  
½ cup grated, aged parmesan cheese  
Salt and freshly ground black pepper to taste  
1 small, fresh, white or black truffle (optional)

- 1) Place the warm popped corn in a large mixing bowl.
- 2) Toss the popcorn with the remaining ingredients, reserving the truffle to grate at the table.
