Our Summary Review

"Simply the best", Patrick O'Connell's hunt-country New American "citadel" earns the No. 1 ratings for Food, Decor and Service in the Greater DC area for what amounts to a "life-altering experience" as guests get "pampered" in an "intimate", richly embroidered setting, where "revelatory" multicourse repasts are "prepared with extraordinary skill" and seasoned with a "touch of whimsy"; in short, it's "worth every penny . . . and that's a lot of pennies!"; P.S. "spend the night for the ultimate indulgence."
